Artwork

- **Bleed and marks:** 3 mm bleed on all sides; crop marks outside the bleed. Page size 166 × 123 mm, with TrimBox (148 × 105 mm) and BleedBox set.
- **Fonts:** all embedded (Open Sans, Feijoa).
- **Images:** at least 300 dpi at printed size.
- **Colour:** supplied as the designer's full-colour artwork (a mix of RGB and CMYK). Please convert with your standard press profile. The University of Cambridge logo includes Pantone spot colour definitions (PANTONE 109 C, PANTONE Black C, PANTONE Red 032 C): please print these as **CMYK process**, not as extra spot inks.
- **QR codes:** 20 × 20 mm, vector, **100% black (K only)**. Please keep them K-only (no rich black) and do not rescale or move them. The small logo in each code's centre is intentional.

Proof

Please send a PDF proof before printing and, if possible, one printed proof of each card. We will scan-test the QR codes on the printed proof.
